

We have two new features on our Yahoo Steiner Stars group:

(1) Equipment for Sale (mainly flippers)

(2) Lost and found

After you sign in to the group, click on 'Database' (found on left side of screen).

You'll see the two categories above. Click on the one you are interested in. Contact information is listed beside the item for sale.

If you wish to make a listing in either category, click on 'Add Record'. Once your item is sold, found, etc, you should delete the record. You may also edit your item if there are changes needed.

We'll see how this method works and make changes as needed.
